IACRA and PSI account record sheet

You will create two FAA accounts during this course. Record your login details here and keep this sheet in a safe place - you will need both accounts on test day and again after you pass.

1. IACRA - FAA Tracking Number (FTN)

IACRA is the FAA's Integrated Airman Certification and Rating Application. Register here first to receive your FTN. You must have an FTN before you can schedule the Part 107 knowledge test, and you will return to IACRA after passing to apply for your Remote Pilot Certificate.

Website: <https://iacra.faa.gov/IACRA/Default.aspx>

User Name: _____

Password: _____

FTN (FAA
Tracking Number): _____

2. PSI - Knowledge Test Scheduling

PSI administers the FAA Unmanned Aircraft General (UAG) knowledge test. Create your PSI account using the same legal name and FTN from IACRA, then schedule your exam at a testing center.

Website: <https://faa.psiexams.com/FAA/login>

User Name: _____

Password: _____

Test Date /
Location: _____

Tip: Your name must match exactly across IACRA, PSI, and the government-issued photo ID you bring to the testing center. You must be at least 16 years old to hold a Remote Pilot Certificate (14 CFR 107.61). The PSI login page is branded Talogy, PSI's parent company - it is the correct site.
